

- A. Plier Stand Aluminum Body
- B. Plier Stand Leg Set - Purple Heart Wood
- C. Plier Stand Leg Set - Aluminum
- D. Plier Stand Assembled with Three Body Sections
- E. Plier Stand Assembled with Two Body Sections and Aluminum Leg Set
- F. Plier Stand with Single Aluminum Body and Leg Set
- G. Plier Stand with Single Aluminum Body and Purple Heart Wood Leg Set

The **Jayne Redman® Bench Accessory System** allows you to combine components to create a custom tool organizer.

The System consists of an Aluminum Body section - A. and either an Aluminum or Purple Heart Wood Leg Set - B. or C..

The Aluminum Body has a top slot on one side and a bottom slot on the other. Slide the corresponding slotted legs onto the body section to create a single stand. F. or G.

The body sections can be combined to create multiple stands. D. shows a triple stand before legs are added. E. shows a double stand with legs.

Use your Jayne Redman® Bench Accessory System to hold pliers, shears, tweezers or any compatibly shaped tool.
